PROFESSIONAL PROFILE

IT support technician with voluntary IT assignments in 2025 at Hitachi Energy and Passion Group through Bakalorz IT Services. Worked on user support, onboarding, ServiceNow documentation, device imaging and hardware rollouts, and coordinated technicians during the Passion Group project. Previously spent more than five years at Lebenshilfe Berlin supporting people with complex disabilities and working closely with families and colleagues. Completed further education in AI Engineering and Computer Vision at IU Akademie. Native English speaker with certified German B2; available immediately.

CORE SKILLS

IT support. 1st and 2nd level user support; Windows devices; hardware preparation and imaging; software and hardware troubleshooting; incident handling; ServiceNow documentation; secure data wiping.

Rollouts and coordination. Onboarding and offboarding; user communication during system changes; hardware rollouts; technician workflow coordination.

AI and computer vision. Machine learning, deep learning and image processing; Python and PyTorch through IU coursework and independent projects.

Other tools. Basic networking; FastAPI, Docker and Git/GitHub through coursework and independent projects.

EXPERIENCE AND SERVICE

Rollout Technician and Lead Technician

Voluntary IT assignment | Bakalorz IT Services | Passion Group GmbH, Essen | 01 August–31 October 2025

- Carried out hardware rollouts across sites and supported users during system changes.
- Led the technician team's work on site and coordinated its workflows to keep the technical rollout on schedule.

1st and 2nd Level IT Technician

Voluntary IT assignment | Bakalorz IT Services | Hitachi Energy, Brilon | 01 May–27 July 2025

- Handled employee onboarding and offboarding, from hardware preparation and account-related processes to complete documentation in ServiceNow (SNOW).
- Created and distributed device images, securely wiped data with specialised tools and handled internal incidents within the required service timeframe.
- Diagnosed and resolved software and hardware problems directly with users and project leads on site.

Educational Support Assistant (Pädagogische Assistenz)

Lebenshilfe Berlin | Berlin | September 2020–March 2025 | Full-time

- Supported a group of six people with complex disabilities in a day support centre, working with an educational colleague and an occupational therapist.
- Planned and accompanied individual and group activities, adapting them to each person's needs and way of communicating.
- Worked closely with families, residential facilities and colleagues, and contributed to team and case discussions.

SELECTED TECHNICAL PROJECT

Confidence-Aware Visual Inspection

Independent project | Python | PyTorch | FastAPI | Docker | Git/GitHub

Built a six-class PyTorch CNN trained and evaluated on procedurally generated textures. The FastAPI service handles predictions and uncertain results, with Docker packaging and automated validation. This is an independent project; no real-image or production deployment is claimed. Repository: github.com/isaacyanney/confidence-aware-visual-inspection.

ADDITIONAL EXPERIENCE

Federal Voluntary Service (Bundesfreiwilligendienst)

Lebenshilfe Berlin | Berlin | September 2019–August 2020

Supported clients in daily activities at Lebenshilfe while working alongside qualified staff.

Field Officer

ARA in Ghana | Greater Accra and Central regions, Ghana | Reference: 24 April 2019

Worked on Weltwärts and medium-term voluntary-service programmes in Greater Accra and Central regions, as well as social projects with iHAND.

Programs Coordinator

Impact Health and Disability International (iHAND) | Ghana | Involved from December 2016; reference: 08 March 2019

Coordinated administration and programmes, including fundraising and community outreach, and prepared reports on activities.

The iHAND and ARA roles ran concurrently. Both paused during Ghana National Service in 2017/18 and resumed afterward.

Administrative Assistant

University of Ghana, College of Health Sciences | Greater Accra, Ghana | 2017–2018, Ghana National Service

Supported administration, correspondence, records and coordination of day-to-day requests.

EDUCATION AND PROFESSIONAL DEVELOPMENT

Certificate of Further Education in AI Engineering and Computer Vision

IU Akademie | 19 August 2025–18 February 2026

Deep Learning; Reinforcement Learning; Software Engineering for Data Intensive Sciences; Machine Learning; Image Processing and Low Level Vision; Mid-Level Vision and Video.

Google IT Support Professional Certificate

Google / Coursera | Completed 04 September 2026

Troubleshooting, networking, operating systems, system administration and IT security.

Bachelor of Science in Physics, major in Computing

Kwame Nkrumah University of Science and Technology | Ghana | August 2013–July 2017

Degree classification: Second Class Honours.
